In nature, intense colours signify danger, with Rhod 500 RGB this danger awaits your opponents. 7-zone RGB backlight is a great opportunity to show your character, do not let yourself be dominated. Dominate!

ANTI-GHOSTING

Rhod 500 RGB sees your every move, follows you everywhere and doesn't disappoint. Thanks to the anti-ghosting function you no longer have to worry about being limited to a number of keys you can press. Squeeze every last bit of performance out of it, your goal is to win warrior!

ADVANCED SOFTWARE

Customise it. Rhod 500 RGB comes with advanced software with which lets you can program every key and easily customize the backlight or multimedia keys to assign functions. Adjust it so that the win is always within your reach.

TECHNOLOGICALLY PERFECT

Rhod RGB 500 is equipped with a quiet and durable membrane mechanism characterized by a low actuation force of 55g, a response time of 8ms and activation point of 2.5mm. The Windows key lock function will allow you to play without accidentally minimizing the game.

NON-SLIP FEET

Equipped with folding and non-slip rubber feet, the keyboard will remain stable no matter what. Your aggressive movements and its cool composure... it must work!

SWAP WASD KEYS

Attention significantly affects the effectiveness in combat. Are you not used to arrows? Or maybe the WASD keys? Rhod 500 RGB will not limit you and will allow you to swap them together.

BUILT-IN MEMORY
