Colmi P80 smartwatch (gold)

Colmi P80 is a smartwatch with a large 1.83" touchscreen display HD, Bluetooth calling support and more than 100 sports modes. With advanced health features such as measuring heart rate, blood oxygen levels, stress and sleep, the watch will work well for both physically active people and those concerned with balancing work and recovery. In addition, it offers full integration with a smartphone - allowing you to answer calls, display notifications and control a voice assistant. With believers in mind, it has been equipped with functions that remind you of prayer times, and thanks to its IP67-rated water resistance, you can also use the smartwatch in the rain or during intense exercise without worrying about damaging it.

Clear screen and refined design

The watch is equipped with a 1.83-inch HD screen with a resolution of 240×284 pixels, so all information is clearly visible. A refresh rate of 60 Hz and automatic brightness adjustment ensure

comfortable use both in bright sunlight and after dark. Built-in themes allow you to customize the look of the watch to your liking - there are more than 100 different dials to choose from, including personalized DIY options.

Around-the-clock health monitoring

A built-in, 8-channel heart rate sensor allows 24/7 measurement with high accuracy, and a 4th-generation SpO2 sensor monitors blood oxygen levels, which is especially useful during physical activity or rest. In addition, the watch sends notifications of irregular heartbeats, which can help you quickly catch alarming changes. The built-in stress monitor analyzes the level of tension during the day and tells you when it's a good idea to stop and catch your breath. A sleep analysis function records sleep phases and presents the data in the app, supporting the building of healthier habits. Menstrual cycle monitoring features are available for women.

More than 100 sports modes

The watch supports more than 100 different sports activities - from running and cycling to yoga, dancing, weight training or swimming. The activity tracking function accurately measures exercise duration, number of steps, calories burned and heart rate, so you can monitor your progress and better plan your next workouts.

Watch calls and notifications at your fingertips

The Colmi P80 smartwatch allows you to make voice calls without having to reach for your phone. Once connected to your mobile device via Bluetooth, you can answer, make and reject calls, as well as view your history directly from your wrist. The watch also displays notifications from various apps, such as Facebook, WhatsApp, Instagram, Gmail and SMS, so you won't miss an important message.

Voice control and smart features

The built-in voice assistant allows you to conveniently control the watch with voice commands. You can ask about the weather, request a call or launch one of the many available functions. In addition, the Colmi P80 has a built-in flashlight, calculator, timer, alarm clock, reminders to drink water and sit for a long time, as well as the ability to control your phone's camera. All this makes the device

practical for everyday use - both at home and outdoors.

Long working time and fast charging

Colmi P80 is equipped with a 280 mAh battery, which allows up to 5-7 days of operation in standard use and up to 30 days in standby mode. Talking for up to 6 hours is also possible. There is also the advantage of fast charging via a USB-C port - after about 2 hours it will be ready for further operation.

Included

- smartwatch
- USB-A to USB-C charging cable
- user manual

General

Manufacturer	Colmi
Model	P80
Chipset	JL7012
Flash memory	RAM 640KB ROM 128Mb
