HP EliteDesk 8 Mini G1a AMD Ryzen 5 220 16GB 512GB W11P 3YW

Model: D15FRET#ABB

Manufacturer: HP INC.

Product Code: 1056577

R26,853

The HP EliteDesk 8 G1a is designed for those who need a reliable personal computer without taking up too much space. This ultra small form factor desktop features a mini chassis, making it perfect for office environments or home setups where space is at a premium. Equipped with a powerful AMD Ryzen 5 processor and 6 cores, this desktop can handle multiple tasks efficiently and swiftly. Its integrated Realtek ALC3252 audio codec chip ensures that users experience quality sound during meetings, presentations, or leisure activities.

Storing your files is made efficient with the installed SSD featuring NVM Express (NVMe) technology, which offers fast data access and boot times. With multiple USB-C and USB 3.2 Gen 2 ports situated in convenient locations, connecting devices is seamless. Additionally, the security features such as the chassis intrusion sensor add a layer of protection for sensitive information. The HP EliteDesk 8 G1a offers an ideal blend of performance and function, making it suitable for various applications in a compact design.
