The HP 585C keyboard and mouse set offers seamless connectivity and versatility for PC users. Experience a dual mode feature that supports both Bluetooth and 2.4 GHz connectivity, allowing for easy multi-device pairing. With a full-size layout and a low-profile key travel design, this set ensures comfortable typing and efficient workflow. The programmable keys enhance functionality with options for Caps Lock, dictation, language switching, and a dedicated Copilot key. Spill-resistant protection and a lifespan of up to 10 million clicks ensure durability and reliability in any workspace. Enhancing comfort further, the HP 585C features adjustable height and a palm rest, making it an ergonomic choice for long hours of use. The included mouse boasts a resolution of 4000 DPI and five buttons, providing precision and flexibility for various tasks. With a maximum operating distance of 10 m and a USB wireless receiver, this set delivers a tidy workspace free from clutter while retaining full functionality.
