

HP Elite Desk 8 Mini G1a AMD Ryzen AI 5 340 32GB DDR5 512GB SSD W11P 1YW

Model: D15FSET#ABB

Manufacturer: HP INC.

Product Code: 1057362

R35,401

The HP EliteDesk 8 G1a Next Gen AI PC offers performance in a compact, ultra small form factor design. Equipped with a high capacity 1 TB SSD for speedy data access, this system is powered by a Ryzen AI 5 processor with 6 cores and a maximum turbo speed of 4.8 GHz, suitable for demanding applications. The integrated AMD Radeon 840M graphics processor enhances visual performance, while 32 GB of DDR5 RAM ensures smooth multitasking capabilities.

Connectivity is a key feature of the EliteDesk, boasting multiple USB 3.2 and USB-C ports, as well as HDMI and DisplayPort outputs for versatile display options. For reliable networking, it supports Ethernet and Wi-Fi 6E standards along with Bluetooth 5.3, ensuring fast and stable connections. Additionally, built-in security features like the HP Tamper Lock and a Kensington security slot provide peace of mind for users who prioritize safety in their computing environment.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
