Zeblaze GTS 4 smartwatch (silver)

Zeblaze GTS4 is an elegant partner for daily challenges, health and activity. It is designed for people who want to be in full control of their health, activity and daily communications, while maintaining an aesthetically pleasing, minimalist style. Its slim, lightweight design, large AMOLED screen and advanced fitness and wellness features make it an ideal choice for workouts, work and everyday use.

Slim form factor, maximum comfort

With an ultra-thin case of just 8.7 mm and a lightweight metal bezel, the Zeblaze GTS 4 feels almost imperceptible on the wrist - even when worn all day. The classic rotating crown makes it easy to navigate the menus, and the soft silicone strap ensures comfort whether you're doing an intense workout or enjoying a quiet day. The uniform, subtle color adds to the overall timeless elegance.

An image that catches the eye

The large 1.94-inch AMOLED display impresses with sharpness and color saturation, making all data readable in all conditions. The high resolution and 391 PPI density make health information, activity or notifications look clear and crisp. The always-on display function lets you glance at the time and key data without having to unlock the screen.

Health under constant control

Zeblaze GTS 4 monitors your health around the clock, providing precise information on heart rate, sleep quality and blood oxygenation levels. The watch helps you better understand your body's recovery, supports breathing exercises, and offers features dedicated to women's health. It is a personal assistant that discreetly accompanies you every day.

Motivation for movement at every stage

Whether you run, bike, work out at the gym or prefer quieter forms of activity, Zeblaze GTS 4 will adapt to your needs. The smartwatch tracks more than a hundred sports modes, analyzing your heart rate, number of steps and calories burned so you can consciously work on your form and regularly exceed your goals.

Access convenience and app connectivity

With Bluetooth connectivity, you can make calls without taking your phone out of your pocket, receive notifications, control music or remotely launch your smartphone's camera. Voice assistant support further simplifies daily tasks, making the Zeblaze GTS 4 a practical communication center on your wrist. The dedicated FitCloudPro app works on both iOS and Android, so you can easily use the watch even after changing phones. All your data, settings and personalizations are always at hand, creating a cohesive ecosystem that grows with you.

Personalization tailored to you

Change the look of your watch when you feel like it. With hundreds of dials available in the FitCloudPro app and the ability to set your own photo, the Zeblaze GTS 4 always looks the way you

want it to. The app also lets you analyze your health and workout data in detail, offering practical tips to support your goals.

Energy for longer

Zeblaze GTS 4 is designed to keep up with your pace. The powerful battery allows for several days of intensive use, and it runs for up to two weeks in power-saving mode. That's the freedom to enjoy full features without stressing about reaching for the charger every day.

Included

- smartwatch
- strap
- magnetic charging cable
- user manual
