The LG UltraGear 27G610A-B is a 27-inch monitor designed for an immersive gaming experience with its native resolution of 2560 x 1440. Featuring a response time of 1 ms and a V-Sync rate at max resolution of 200 Hz, this monitor ensures smooth visuals that enhance gameplay. The combination of IPS technology and 178-degree viewing angles offers color accuracy and wide viewing options, making this monitor suitable for gaming and multimedia use.
Equipped with multiple monitor features like Flicker Safe, Reader Mode, and Black Stabilizer, users can customize their viewing experience to reduce strain and enhance visibility in dark scenes. The monitor supports HDR10 with a VESA DisplayHDR 400 certification, delivering vibrant colors across a wide color gamut of 99% sRGB. Adjusting the display is effortless with height, pivot, swivel, and tilt
