HP ZGX Nano NVIDIA GraceBlackwell 10 128GB 4TB Nvidia DGX OS 3Y Exchange Warranty

Model: CZ9K0ET#ABB

Manufacturer: HP INC.

Product Code: 1058212

R142,170

The HP ZGX Nano G1n AI Station is designed for performance in an ultra small form factor. With a powerful 20-core GB10 Grace Blackwell Superchip from NVIDIA, this workstation efficiently handles demanding tasks and workloads. Equipped with 128 GB of LPDDR5X SDRAM and a fast 240 W power adapter, this system delivers a data transfer rate of 8533 MT/s, ensuring quick access and processing of large datasets.

The device features a self-encrypting NVMe SSD with triple-level cell technology, providing reliable and secure storage. The workstation supports multiple connectivity options, including HDMI and USB-C ports, ensuring versatility in peripherals and displays. With security features like a Trusted Platform Module (TPM 2.0) chip, this workstation is ideal for users who prioritize data protection and integrity.
