Product Code: 1059272

R4,638

The Microsoft Core Client Access License (CAL) Suite gives customers a simple, cost-effective way to establish an investment in key Microsoft technologies through a single license agreement. The Microsoft Core CAL Suite encompasses four fundamental Microsoft server products that provide your organization identity management, directory services, enterprise communication (e-mail, calendar functions, and scheduling), collaborative workspaces, and asset management. The Core CAL Suite presents outstanding value and cost savings for customers looking to extend the capabilities of the Microsoft Windows and Microsoft Office system platforms.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
