R36,729

The Microsoft Surface Pro is designed as a versatile notebook that combines the power of a tablet with the functionality of a laptop. Its touchscreen features 10-point multi-touch capabilities and a 3:2 aspect ratio, providing a dynamic and responsive experience for both productivity and entertainment. The display is enhanced with Adaptive Color and Adaptive Contrast technologies, allowing users to enjoy vibrant visuals whether working on creative projects or streaming content. Built with an anodized aluminum chassis, the device is durable and elegant, making it suitable for use in various environments.

Equipped with a Qualcomm Snapdragon X Plus processor and 16 GB of LPDDR5X SDRAM, the Surface Pro delivers efficient performance for multitasking and demanding applications. With two
