Designed for effortless travel, this lightweight backpack combines convenience and functionality. Its patented checkpoint-friendly design and carry-on size make airport security checks quick and stress-free. The built-in trolley strap ensures smooth movement, while the clamshell opening with garment straps keeps your clothes and essentials neatly organized during transit. Better yet, the garment strap is removable making it easy to switch your travel pack to a day pack.

Exceptional organization

Stay effortlessly organized on the go with clever pockets and features like a stash card pocket built right into the shoulder strap for quick-access essentials. The expandable capacity ensures you have ample space for longer trips, while dedicated device pockets keep your tech protected. Plus, the MOLLE webbing (those handy loops on the front of the pack) lets you attach extra accessories, adding even more versatility to this already exceptional travel companion.

Durable and secure

Built with durability and security in mind, we've added an extra layer of protection for your valuables. From the water-resistant bottom and lockable compartments to the RFID-blocking pocket and discreet tracker pocket for your Tile or AirTag (tracker not included), this bag is a reliable choice for any trip. It even comes with reflective accents to help improve visibility for those nighttime adventures.

Built for comfort

Comfort is key – particularly with a bag this size – and this backpack brings it with its ergonomic straps with a stabilizer webbing to ensure a snug, supportive fit for all-day wear. The cushioned top and bottom grab handles provide extra comfort for quick grabs or carrying in hand. Plus, the side compression straps help balance the load, making it easy to adjust and carry your belongings without strain.
