The M7352 provides stable 287 Mbps Wi-Fi speeds, connecting you and your friends with reliable sharing anywhere.

2100mAh Keeps You Charged Through Work & Play

Powered by a 2100mAh high-capacity battery, the M7352 delivers up to 10 hours of use on a single charge. Enjoy fewer interruptions from charging and a consistently reliable connection throughout your day.

Power 10 Devices on the Go

Break free from spotty public WiFi and device limits. The M7352 delivers reliable high-speed Internet for up to 10 devices simultaneously, minimizing dead zones and connection drops. Stay connected anywhere with minimal effort.

Real-Time Insights, Effortless Control

The M7352's visualized screen puts you in control: Track real-time data usage to avoid surprise overages, while monitoring battery life, Wi-Fi strength, and connected devices at a glance. Stay informed, stay connected — all from one intuitive interface.

2TB Freedom: Storing and Sharing Anywhere

Transform your MiFi into a storage hub with support for up to 2TB SD cards. Instantly create group photo albums during travels or effortlessly manage work files on the move. Ditch cloud constraints and bulky devices — all-in-one storage & connectivity in your palm.

Easy Management with tpMiFi App

With the tpMiFi App, you can easily access and manage the M7352 from your connected iOS/Android devices. The tpMiFi app allows you to establish data limits, control which devices can access your Wi-Fi, send messages, and share media files to/from a removable Micro SD card.
