R1,781

The Eve of Gaming

The HyperX Eve 1800 Gaming Keyboard is a compact gaming keyboard that gets you started right. With its condensed layout, you get more desk space for your mouse, microphone, and headset. Enjoy 10 zones of customizable, dynamic RGB lighting and turn your keyboard into the perfect accessory for your PC. Beyond lighting effects, this budget-friendly keyboard delivers style and performance in a sleek design with convenient media buttons. It features anti-ghosting and 12-key rollover, so your keypresses register exactly when they need to. Plus, the membrane switches deliver satisfying, cushioned keypresses that won't disturb you while you play. After all, this is the eve of your gaming adventure.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
