

HyperX Origins 2 65

Model: B4QS3AA#ABA

Manufacturer: HP INC.

EAN: 198828944597

Product Code: 1060077

R2,999

Change Your Play

Lock in and game on with the Origins 2 65, a compact gaming keyboard designed to be personalized. Featuring an easy-swap housing and hot swap switches, Origins 2 can be customized to create your own unique typing and gaming platform. Change keycaps, switches, and the housing anytime![1] Origins 2 65 maintains all the essential keys, removing unnecessary inputs to maintain a small footprint with high efficiency. The 65% layout takes up less space on your desk but keeps you in the game. Under the hood, you'll find a silicon o-ring mount and polycarbonate plate to absorb vibrations and reduce reverb for a peaceful typing experience. But this keyboard isn't just for typists. With up to 8k polling, Origins 2 will communicate input back to your PC up to 8000 times per second, making sure every keystroke is captured. The high-profile housing is equipped with flip-down feet so you can adjust your angles for comfort and ideal ergonomics. This keyboard comes equipped with HyperX Linear Red switches that provide swift, smooth feedback and snappy 1.8 mm actuation. HyperX switches use POM half-wall stems to add stability and reliability for up to 80 million keystrokes, and you can replace those switches whenever the mood strikes. The hot swap sockets are compatible with most 5 or 3-pin mechanical keyboard switches. Origins 2 is fully customizable
