

# iiyama ProLite XB2495WSU-B1 computer monitor 61.2 cm (24.1") 1920 x 1200 pixels WUXGA LCD Black

Model: XB2495WSU-B1

Manufacturer: IIYAMA CONSIGNMENT

EAN: 4948570127641

Product Code: 1060833

## R4,693

Designed for professionals who demand precision and productivity, the ProLite XB2495WSU-B1 delivers extra vertical workspace and consistent colour accuracy, making it ideal for CAD applications, data analysis, universities, and corporate environments. The 24” IPS panel with a 16:10 aspect ratio and WUXGA (1920 x 1200) resolution provides more on-screen space than standard Full HD displays. This means you can view detailed drawings, spreadsheets and documents with less scrolling and greater clarity. IPS technology ensures accurate, natural colours and wide viewing angles, so your work looks consistent from every perspective. For long working days, comfort is essential. The 15cm height-adjustable stand with pivot and swivel functions allows you to tailor the

screen position precisely to your needs, supporting better posture and reducing strain. The 4-side slim bezel design not only gives the monitor a modern, professional appearance but also makes it perfect for seamless multi-monitor setups. Reliable, versatile and built for demanding professional use, the XB2495WSU-B1 helps you work more efficiently while maintaining comfort and visual precision throughout the day.
