

Sharp L50SDM- RPL-16472 signage display accessory

Model: L50SDM-RPL-16472

Manufacturer: SHARP

EAN: 4719896035626

Product Code: 1061303

R35,563

Intel® Smart Display Module (Intel® SDM) - Advanced

Experience next-generation performance with the Intel® Smart Display Module Advanced, offering modular versatility and seamless Windows 11 IoT compatibility for supported Large Format Displays.

Designed for complex intelligent signage installations that process and display sensor and other data in real time, the Intel® SDM Advanced is ideally suited for mission-critical applications and organisations with demanding IT standards.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
