HPE ProLiant Compute DL340 Gen12 SFF Configure-to-order Server

Model: P71452-B21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017717036

Product Code: 1061850

R114,603

The HPE ProLiant DL340 Gen12 is designed for efficient performance in a rack-mountable format, offering 12 hot-swap bays that support 2.5" drives. This server is equipped with three PCIe 5.0 x16 slots. Environmental adaptability is a key feature, with operating temperatures ranging from 10°C to 35°C and a humidity range of 8% to 90% RH, making it suitable for various settings. Embedded security is provided by a Trusted Platform Module (TPM) security chip, ensuring data protection for sensitive environments. This server is equipped with an integrated power supply that supports hot-plug capabilities, enhancing reliability during operations.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
