The Shuttle XPC slim Barebone XB860G2 is a 4.5-litre PC with two slots for PCI-Express expansion cards. Together with a powerful socket LGA1851 Intel Core Ultra 2xx desktop processor (code name "Arrow Lake-S"), this platform is perfectly suited for many professional applications where performance, flexibility and a compact form factor matter. You can install e.g. a multiport graphics card, a video capture card or I/O card to set up a mini PC for applications such as video wall presentations, graphics workstations, media capturing, surveillance, POS, POI as well as network and industrial applications. Even mid-range gaming is possible.
