Powered by 13th Gen.

Intel® Core™ i7 processors

The CreatorPro is the most powerful mobile workstation with leading-edge technology. With ISV Certification to ensure hardware and software stability with professional demands. Create for architects, programmers, and designers. Immerse yourself in creativity.

Performance Meet Experts

The CreatorPro easily supports your complex projects and multitasking workflow. Deliver the performance you need for architecture, AI, VR, CAE simulation, 3D renders and much more.

Accelerate Innovation Anywhere

NVIDIA RTX™ Ada Generation Laptop GPUs, based on the NVIDIA Ada Lovelace architecture, power the world's most advanced thin and light mobile workstations, providing massive breakthroughs in speed, efficiency, and portability to tackle the most demanding visual computing workflows from anywhere. With the latest CUDA™ Core, RT Core, Tensor Core, and encoding technologies, the new NVIDIA RTX laptop GPUs deliver up to 2X the performance and power efficiency of the previous generation to supercharge graphics, ray tracing, and AI-acceleration for creators, designers, and engineers on the go.

Unlimited Creativity

The 16:10 display echoes the Golden Ratio 1.618, the perfect ratio considered as the law of beauty. This aspect ratio display gives an extra 11% room than 16:9 to check workspace and timeline in Adobe applications.

Studio Made Pro

For on-the-go designers, the CreatorPro allows you to reimagine how you design. No matter where you are, you can easily concentrate on processing versatile solutions and maximize the productivity of design.

Ultimate compatibility

MSI workstations are ISV certified systems, officially recognized and certified by major ISVs in engineering, 3D modeling, designing and more. They're guaranteed to offer an absolute professional experience with no comparison in applications from Adobe, AutoDesk, Dassault and others.
