R8,594

The HP 727pu Series 7 Pro monitor is designed to meet the needs of professionals seeking a high-performance display solution. With its 27-inch IPS Black panel and QHD resolution, it offers exceptional clarity and detail, making it ideal for precision tasks. The monitor's color accuracy is ensured with 100% sRGB and 98% DisplayP3 coverage, supported by HDR400, to bring your projects to life with vibrant colors and deep contrasts.

Connectivity is a breeze, thanks to the inclusion of Thunderbolt 4, HDMI, and DisplayPort interfaces, along with a USB 3.2 Gen 2 hub that supports up to 100 W USB Power Delivery for fast charging and data transfer. The ergonomic design allows for easy adjustments, including height, pivot, swivel, and tilt, ensuring comfort during long work sessions. Additionally, the monitor is equipped with features
