SANDISK Optimus GX PRO 8100 PCIe 5.0 NVMe SSD 1TB with Heatsink

Model: SDSP82100TAH-000E0

Manufacturer: SANDISK

EAN: 619659231934

Product Code: 1063726

R8,439

The SanDisk Optimus GX PRO 8100 offers performance for demanding storage needs. With a capacity of 1 TB, this internal M.2 solid state drive leverages PCI Express 5.0 technology to achieve an internal data rate of 14,900 MBps, enhancing data transfer speeds and overall system responsiveness. The drive is equipped with an integrated heatsink, ensuring optimal thermal management even during intensive tasks.

Designed for reliability, the SSD features 600 TB endurance, making it a suitable choice for high-write workloads. It supports nCache 4.0 technology, Sandisk BiCS TLC 3D CBA NAND, and NVM Express (NVMe) 2.0, which together facilitate quick access and improved efficiency. This drive also complies with several standards, including TCG Opal Encryption 2.02 for enhanced security, making it a solid choice for both personal and professional applications.
