

SANDISK Optimus GX PRO 850X NVMe SSD 1TB

Model: SDSP81100TAN-000E0

Manufacturer: SANDISK

EAN: 619659231972

Product Code: 1063728

R7,211

The SanDisk Optimus GX PRO 850X is designed to deliver performance and reliability in a compact M.2 2280 form factor. With a storage capacity of 1 TB, this internal hard drive utilizes PCI Express 4.0 x4 (NVMe) storage interface and achieves internal data rates of 7300 MBps for read operations and 6300 MBps for write operations, making it suitable for demanding applications. Built with 3D triple-level cell (TLC) NAND flash memory, it ensures fast access to data and high endurance, rated at 600 TB, allowing users to store and manage large amounts of information effectively.

The drive features advanced technologies such as nCache 4.0 for improved performance and TCG Opal Encryption 2.01, providing hardware encryption to protect sensitive data. It operates effectively across a wide temperature range, from -40°C to 85°C for storage, ensuring reliability under various environmental conditions. With its robust design capable of withstanding high shock and vibration, the SanDisk Optimus GX PRO 850X is a choice for users seeking durability and fast performance in their storage solutions.
