

## Seagate Momentum , 1TB internal hard drive 5400 RPM 2.5" Serial ATA II

Model: STBD1000200

Manufacturer: SEAGATE

Product Code: 10638

**R1,525** ~~R1,823~~

The Momentum XT solid state hybrid drive (SSHD) fuses the blazing speed of solid state drive technology with the high capacity of a traditional disk drive to unleash your system performance. The Seagate FAST Factor advantage takes the Momentum XT SSHD to a new level by implementing a set of innovative algorithms that enables the drive to intelligently decide what data should be written to the solid state memory portion of the drive.

By managing data this way, the overall effectiveness of the drive is increased, as is the storage longevity.

Using flash-assisted storage technology (FAST), you get solid state performance, high capacity and exceptional reliability all in one drive.
