NATEC keyboard with ID Card Reader Moray US layout

Model: NKL-1055

Manufacturer: NATEC

EAN: 5901969410112

Product Code: 1063829

R1,314

The Natec Moray keyboard is designed for functionality and comfort, making it a suitable choice for any workspace. With a spill-resistant feature, it provides protection against accidental spills, giving users peace of mind while typing. The keyboard includes 104 keys, featuring multimedia buttons that enhance control over various applications, ensuring a seamless experience whether at work or leisure. Equipped with a built-in smart ID card reader, it adds an extra layer of convenience and security for users, suitable for both professional and personal use. The 1.5 m cable length allows for flexible positioning, ensuring that the keyboard fits comfortably within any setup. In addition to its practical features, the Natec Moray keyboard boasts a US keyboard localization and is powered by membrane technology that results in a responsive typing experience. Users will appreciate the inclusion of a numeric keypad, which simplifies data entry tasks. With its wired connectivity technology, users can enjoy a reliable and uninterrupted connection, perfect for extensive periods of use. The Natec Moray keyboard blends durability and user-friendly design, making it a suitable addition to any desk.
