R1,440 ~~R1,607~~

Life moves fast. Don’t miss a thing.

Backup Plus portable drive from Seagate is the simple, one-click way to protect and share your entire digital life — without getting in the way of the rest of your life.

- Protect your data with easy flexible backups
- Save photos automatically from your social networks
- Share photos and videos to social networks with a click
- Increase transfer speeds easily by upgrading to Thunderbolt™ technology or FireWire® 800

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Do more with social networks.

Backup Plus finally bridges the gap between your online life and the rest of your life, letting you share and back up memories on Facebook, Flickr and YouTube–all right from your external drive.

- Syncs with your personal social media accounts
- Easily upload photos and videos, or download photos to back them up
- Set automatic backups of what you share online
- Manage it all from the intuitive Seagate Dashboard

Easy backup

Choose from two easy backup options in the Seagate Dashboard and then forget it.

Sleek portable design

Keep your data safe anywhere. USB power means that no external power source is required.

Works with PC or Mac

Use the drive interchangeably on your PC or Mac computer without reformatting.

USB 3.0 plug and play

It is easy to upgrade to Thunderbolt™ technology or FireWire® 800 with add-on adapters (sold separately). USB 3.0 is also backward compatible with USB 2.0.

Protect…

Photos, videos and more. Automatically.

Life is full of amazing moments that you want to remember for ever. The Backup Plus portable drive goes where you go, providing easy plug-and-play backups. So no matter where “life happens", your memories are always protected.

Save…

Your social life with a click.

Think of how many photos you have shared on Facebook or Flickr. With Backup Plus, it is easy to download them right to your Backup Plus drive, so that even more of your life is safe and sound.

Share…

Your favourite moments instantly.

You can also share photos and videos easily to Facebook, Flickr or YouTube — simultaneously — right from your Backup Plus drive. Smart integration with popular social media means that your memories are not “trapped” in your drive, letting you publish them to the network of your choice.

Upgrade…

Your connectivity instantly.

Need to upgrade to Thunderbolt™ technology or FirewWire® 800? Not a problem, thanks to the ingenuity of Backup Plus, letting you upgrade your data transfer simply by plugging in a new adapter. So even when you upgrade to a new computer, your Backup Plus portable drive can be upgraded right along with you.
