SANDISK Optimus GX PRO 8100 PCIe 5.0 NVMe SSD 4TB

Model: SDSP82400TAN-000E0

Manufacturer: SANDISK

EAN: 619659230975

Product Code: 1063927

R26,358

The SanDisk Optimus GX PRO 8100 is an internal solid-state drive designed to elevate data storage performance. With a capacity of 4 TB, this M.2 2280 SSD features PCI Express 5.0 x4 (NVMe) interface, ensuring high-speed data transfers. Its internal data rate reaches 14,900 MBps for reads and 14,000 MBps for writes, enabling quick access to applications and files. Equipped with nCache 4.0 technology and Sandisk BiCS TLC 3D CBA NAND, it delivers reliable and consistent performance tailored for demanding environments.

This drive is engineered for both durability and efficiency, with SSD endurance of 2,400 TB and a mean time between failures (MTBF) of 175,000,000 hours. Operating temperatures range from 0°C to 85°C, providing versatility for various applications. Additionally, it features encryption through TCG Opal Encryption 2.02, enhancing data security for users who prioritize confidentiality and protection. The SanDisk Optimus GX PRO 8100 is designed to meet the rigorous requirements of performance-driven users.
