

SANDISK Optimus GX PRO 850X with Heatsink NVMe SSD 4TB

Model: SDSP81400TAH-000E0

Manufacturer: SANDISK

EAN: 619659231996

Product Code: 1063931

R25,173

The SanDisk Optimus GX PRO 850X is a solid-state drive designed to enhance system performance with its features. Offering a 4 TB storage capacity, this internal hard drive is ideal for users who require ample space for their files and applications. The PCI Express 4.0 x4 (NVMe) interface ensures rapid data transfer rates, achieving an internal data rate of up to 7300 MBps for reading and 6600 MBps for writing. Integrated heatsink technology helps maintain optimal operating temperatures, enabling efficient and reliable performance, even during intense workloads.

This drive is built for resilience and efficiency, supporting a range of operational conditions with a wide operating temperature range from 0°C to 85°C. Enhanced with nCache 4.0 technology and Sandisk BiCS TLC 3D CBA NAND, it delivers quick access times and robust durability. With an endurance rating of 2400 TB and an MTBF of 175,000,000 hours, the SanDisk Optimus GX PRO 850X is a dependable choice for users seeking reliable storage solutions.
