durability, scratch resistance and a clean, professional appearance.

With IP65-rated front protection, the screen is resistant to dust and splashing water from the front, making it suitable for demanding public and commercial environments. The anti-fingerprint coating helps keep the display clear and easy to use, even with frequent interaction.

For applications requiring additional protection, the Touch Through-Glass function allows reliable touch operation through a glass overlay up to 6 mm. The monitor can be installed in landscape, portrait or face-up orientation, while optional Open Frame mounting brackets support easy and secure integration into different installation designs. For ease of integration, the monitor can be equipped with optional external mounting brackets (OMK1-1).
