ONIKUMA MT706 Keyboard (White) (QWERTY)

The ONIKUMA MT706 is a multifunctional, compact mechanical keyboard designed for dynamic gameplay, maximum comfort, and full customization. It offers triple connectivity modes (2.4 GHz, Bluetooth, wired), an ultra-fast 1 ms response time, and broad compatibility with PCs, consoles, and mobile devices. Equipped with replaceable linear switches, an advanced noise-reduction system, and dynamic RGB backlighting, it will meet the expectations of even the most demanding users.

Stable and Fast Connectivity

The keyboard supports three connection modes: 2.4 GHz, Bluetooth, and wired, ensuring flexibility and reliability. With a 1 ms response time, it's perfect for competitive gaming, delivering instant feedback. Compatibility with computers, consoles, and smartphones makes the MT706 a versatile tool for any platform.

Smooth and quiet operation

The sealing architecture, featuring a 5-layer sound-dampening system, ensures exceptionally quiet key operation. The linear switches are hot-swappable, and precisely tuned stabilizers ensure a smooth keystroke. Thanks to the transparent, dual-injection-molded PBT keycaps and the "Mahjong" sound profile, typing on this keyboard is a pure pleasure.

Ready for Long Sessions

The ONIKUMA MT706 offers up to 30 hours of continuous use with RGB backlighting enabled and up to 600 hours in standby mode without lighting. The built-in, hidden USB-C port enables fast charging and convenient connectivity. Thanks to its compact 81-key layout, the keyboard maintains full functionality while saving space.

Ergonomics and Customization

Equipped with two-stage feet that allow for tilt adjustment at three angles and a multimedia dial, the MT706 offers complete comfort during use. Dynamic RGB backlighting with a palette of 16.8 million colors can be freely configured. An open macro platform and hot-swap sockets allow you to fully customize it to your needs.

Included

- keyboard
- USB-A to USB-C cable
- key removal tool
- 2 keys
- 2 linear switches
- 2.4G receiver

Manufacturer	Onikuma
