R34,530

The Lenovo ThinkPad E16 Gen 4 is designed for productivity and performance in a robust notebook form factor. Its 16-inch LED display features a WUXGA resolution of 1920 x 1200, providing vibrant visuals with enhanced brightness for a superior viewing experience. Accompanied by IPS technology and anti-glare features, it ensures clear images from wide viewing angles. This notebook's hybrid FHD/IR camera comes equipped with a privacy shutter and Windows Hello support, offering secure access while maintaining privacy. High-definition audio experience is enhanced with stereo speakers powered by Harman Kardon technology and Dolby Atmos, ensuring clear sound quality for any task. Performance is prioritized with the Ryzen AI 7 processor featuring 6 cores and a clock speed up to
