advanced features like Windows Hello, auto framing, and background blur, making virtual meetings more engaging and secure.

Equipped with the Core Ultra X7 processor and 16-core architecture, this notebook offers swift performance with a clock speed of 2 GHz and turbo capabilities up to 5 GHz. The innovative Intel AI Boost enhances productivity further, supporting various AI frameworks for seamless integration. With ample connectivity options including USB4/Thunderbolt 4 and a host of wireless protocols like Wi-Fi 7 and Bluetooth 5.4, this device provides flexibility for modern business environments. The anodized aluminum chassis presents a sleek look and ensures durability, making it an excellent choice for professionals on the go.
