

HP EliteBook 8 Flip G2i Intel Core Ultra 5 325 13inch 32GB 512GB W11P 3YW

Model: DE7C1AT#ABB

Manufacturer: HP INC.

Product Code: 1064499

R74,987

The HP EliteBook 8 Flip G2i Next Gen Notebook is a convertible 13.3-inch WUXGA laptop designed for flexible productivity and on-the-go collaboration. The 360° flip design and multi-touch IPS LED display enable smooth transitions between laptop and tablet modes, while the touchscreen and gesture-capable clickpad make navigation intuitive. Performance is balanced for everyday professional workflows with Intel Core Ultra 5 processing, soldered LPDDR5X memory, and a 512 GB NVMe SSD for responsive multitasking and fast storage access. Built-in AI acceleration and Copilot+ PC integration help streamline AI-enabled experiences, and Windows Studio Effects extend video and audio capabilities for meetings. Connectivity and expansion include multiple USB-C/Thunderbolt 4 ports with Power Delivery, HDMI, and a powered USB 3.2 port to support peripherals and external displays. Security and manageability are prioritized through a fingerprint reader, HP Tamper Lock, chassis intrusion sensor, HP DriveLock, BIOS update via network, and MIL-STD-810H testing for durability. Dual stereo speakers with Poly Studio tuning and Low Blue Light certification support
