R57,841

The HP ZBook 8 G2i Mobile Workstation delivers powerful performance and advanced features ideal for professionals on the go. Equipped with a robust Intel Core Ultra X7 processor with 16 cores and 16 threads, it ensures smooth multitasking and efficient handling of demanding applications. The workstation includes a responsive 5-megapixel infrared camera with Windows Hello support for secure login and AI-enhanced video capabilities. Its vibrant LED screen with anti-glare technology offers exceptional visibility, making it perfect for professionals who require precise graphics and clarity in their work.

Integrating effective connectivity options, this mobile workstation features USB4/Thunderbolt 4, USB-C, HDMI, and Ethernet ports, ensuring compatibility with a wide array of devices and docks. The dual-array microphone and stereo speakers with discrete amplifiers provide a great audio experience for video conferencing and media playback. Additionally, the spill-resistant HP Premium keyboard

and multi-touch ClickPad enhance usability in various environments. Security is prioritized with
