The HP ZBook X G2i Mobile Workstation is designed for professionals seeking a blend of performance and portability. Featuring a 16-inch LED IPS display, this notebook delivers vibrant visuals with anti-glare technology, making it suitable for various tasks. Equipped with a powerful Intel Core Ultra 7 processor and 16-core capabilities, it ensures smooth multitasking and efficient performance for demanding applications.

The mobile workstation also includes advanced security features such as a fingerprint reader and HP Tamper Lock, ensuring that sensitive data remains protected. With a comprehensive array of ports, including USB4/Thunderbolt 4 and HDMI, connectivity is seamless for both peripherals and external displays. Additionally, the dual-array digital microphones and high-definition audio support enhance video conferencing and communication experiences, rounding out this versatile workstation for modern professionals.
