The HP 585K keyboard offers a versatile solution for both work and play with its dual mode connectivity. The Bluetooth and 2.4 GHz wireless options allow for a seamless connection to PC devices, enhancing productivity without the hassle of wires. Its full-size layout includes a numeric keypad and programmable keys such as Caps Lock and Dictation, catering to various user needs. Coupled with low-profile key travel and an adjustable height feature, this keyboard ensures a comfortable typing experience.

Designed for longevity, the HP 585K comes with spill-resistant protection and a key life span of up to 10 million clicks. Multi-device compatibility means it can switch easily between devices, making it ideal for users who require efficiency and practicality. The added benefit of a palm rest ensures comfort during extended usage, making the HP 585K a suitable companion for any workspace.
