

LANBERG Switch POE Extender 1xIN 3xOUT DIN 30W

Model: DIN-FE4-AT-30W

Manufacturer: LANBERG

EAN: 5901969447286

Product Code: 1065433

R865

The Lanberg DIN-FE4-AT-30W switch is designed for efficient networking in various environments. Operating within a temperature range of -10°C to 40°C and humidity levels from 10% to 90%, this switch provides reliable performance. Its DIN rail-mountable form factor makes it easy to install in a range of settings while maintaining a sleek and compact design.

Equipped with 4 ports, the switch utilizes 10/100 Base-T connections and is compliant with IEEE standards for Power over Ethernet (PoE+). Offering a PoE budget of 30 W, this device can power connected devices while ensuring smooth operation. It also features a MAC address table size of 2K entries, providing ample space for network management and improved connectivity.
