LANBERG Switch POE 1xBT 3xAT SFP+ETH DIN

Model: ILFE-4P-1GE-1S-90

Manufacturer: LANBERG

EAN: 5901969447354

Product Code: 1065436

R1,395

The Lanberg ILFE-4P-1GE-1S-90 is a reliable switch designed for efficient networking in various environments. With a wide temperature operating range from -25°C to 65°C and a humidity range of 10% to 90%, it is suitable for diverse applications. The switch features five ports, including three 10/100 PoE+ ports, one 10/100 PoE++ port, and one 1000Base-X SFP uplink port, providing versatility for connecting multiple devices. It supports a power budget of 90 W for Power over Ethernet, enabling seamless operation for connected devices while reducing cable clutter. Engineered for different mounting options, this switch can be DIN rail mounted or rack-mounted, making installation easy in any setup. With a bandwidth of 12 Gbps and a MAC address table size of 2K entries, it efficiently manages network traffic while ensuring reliable data transmission. Additional features such as passive cooling, 6 kV surge protection, and VLAN support enhance its functionality, making the Lanberg ILFE-4P-1GE-1S-90 an ideal choice for fast Ethernet networking solutions.
