

LANBERG Switch POE 1xBT 3xAT 2xSFP DIN

Model: ILGE-4P-2S-90

Manufacturer: LANBERG

EAN: 5901969447361

Product Code: 1065437

R1,606

The Lanberg ILGE-4P-2S-90 is a versatile switch designed for robust networking needs, providing a total of 6 ports for seamless connectivity. This device supports PoE++ technology, delivering a power budget of 90 W, making it suitable for demanding applications. It features a durable metal housing and operates efficiently in a wide temperature range, from -25°C to 65°C, ensuring reliability in various environments.

Equipped with functionalities such as auto-uplink, MAC address auto-learning, and VLAN support, the ILGE-4P-2S-90 is engineered for performance. With passive cooling and 6 kV surge protection, this switch ensures stable operations while accommodating a significant MAC address table size of 2K entries. It is also compliant with several standards, promoting easy integration into existing network setups.
