## **R46,823**

HP EliteBook 6 G2q Next Gen Notebook is a business-class laptop designed to support productivity, secure collaboration, and on-the-go work. The system delivers responsive, AI-enhanced assistance and smooth multitasking while preserving battery life and offering fast recharge when needed. The 14-inch WUXGA IPS display with anti-glare coating supports clear, comfortable viewing for documents, video calls, and long work sessions.

Security and manageability are integrated into the platform, with features such as fingerprint authentication, secured-core PC capability, and a range of compliance certifications that help protect data and simplify deployment. The audio system with four stereo speakers and discrete amplifiers provides clear sound for calls and media, while a built-in webcam and AI noise reduction help make
