EAN: 826581820147

Product Code: 1065482

R45,045

Experience elevated productivity and collaboration with the HP EliteBook 6 G2i Notebook. Its 14-inch LED display, featuring a WUXGA resolution of 1920 x 1200, ensures stunning visuals with 100% sRGB color gamut. Designed with privacy in mind, the HP SureView technology helps protect sensitive data. Powerful performance is provided through its Intel Core 7 processor with 6 cores, reaching a max turbo speed of 4.8 GHz, combined with 32 GB of LPDDR5X SDRAM for seamless multitasking. The storage is efficient as well, utilizing a 512 GB SSD to provide quick data access and ample space for all essential files. The innovative design includes a dual-array microphone with AI noise reduction and dual stereo speakers, offering optimal audio experiences for global meetings and presentations.

Security and sustainability are at the forefront of HP's design principles. The HP EliteBook 6 comes equipped with advanced security features, including a fingerprint reader and a smart card reader,
