SYNOLOGY RS4826XS+ 12-BAY Rackstation Intel Xeon D-1739 16GB DDR4 ECC RDIMM

Model: RS4826XS+

Manufacturer: SYNOLOGY

EAN: 4711174725397

Product Code: 1065486

R128,828

The Synology RackStation RS4826xs+ is designed to provide reliable and efficient network storage solutions for businesses of all sizes. Featuring a robust 8-core Xeon processor with a clock speed of 3 GHz and up to 16 GB of ECC DDR4 RAM, this system ensures smooth multitasking and data management. With a total of 12 hot-swap expansion bays, the RS4826xs+ supports various storage options, allowing users to customize their storage needs easily.

Equipped with dual PCI Express 4.0 x8 expansion slots, this RackStation can adapt to a variety of add-on cards for enhanced functionality. The device supports multiple network protocols such as SMB, FTP, and NFS for seamless integration into existing networks. With ample features like shared folder encryption, firewall protection, and high availability, this network storage solution ensures
