

HPE 32GB 1x32GB Dual Rank x8 DDR5- 5600 CAS-46-45- 45 EC8 Registered Smart FIO Memory Kit

Model: P64706-F21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017843087

Product Code: 1065518

R322,486

Elevate system performance with the HPE SmartMemory 32 GB DDR5 SDRAM memory module. Designed for reliability, this registered memory operates at a data transfer rate of 5600 MT/s and features advanced ECC for data integrity. The dual rank, 288-pin DIMM form factor ensures seamless compatibility with specific systems, making upgrades straightforward and efficient.

This memory module enhances speed and provides stable operations through its meticulous CAS latency of CL46 and latency timings of 46-45-45. With a power-efficient supply voltage of 1.1 V, the HPE SmartMemory is the ideal choice for environments demanding robust performance and dependability.
