

HP EliteBook X FI G2i 14 AI Intel Core Ultra 5 325 14inch 32GB 512GB W11P 3YW

Model: DT9R1AT#ABB

Manufacturer: HP INC.

EAN: 826581559948

Product Code: 1065534

R81,007

The HP EliteBook X Flip G2i Notebook Next Gen Ai is a convertible 14-inch notebook designed for professionals who need flexible, secure computing with on-device AI capabilities. A 360° flip design enables easy switching between laptop and tablet modes, while a spill-resistant keyboard and MIL-STD-810H testing support reliable use in a variety of environments. The Copilot+ PC experience is supported by an Intel Core Ultra 5 processor, Intel AI Boost NPU, and integrated Windows Studio Effects, helping deliver responsive AI-assisted workflows without relying solely on cloud services. Storage and connectivity match modern mobile needs with a 512 GB NVMe M.2 SSD, multiple USB-C and Thunderbolt 4 ports with Power Delivery, HDMI output, and Wi-Fi 7 with Bluetooth 6.0 for fast wireless performance. Security and manageability features include Secured-core PC enablement, HP DriveLock, chassis intrusion detection, BIOS update via network, and a Kensington nano security slot to protect data and devices. Audio and camera capabilities focus on collaboration with Poly Studio
