Comfortable, Lightweight Gaming Audio Refined.

The HyperX CloudX Stinger 2 is an officially licensed Xbox headset designed for the Xbox player who values lightweight comfort. The CloudX Stinger 2 keeps the fundamentals of the Cloud Stinger and refines them into a worthy successor. Still weighing in at under 300g, it’s lightweight, but also still packs a hefty audio punch. Enjoy a wide frequency response that allows you to detect the important audio cues that’ll give your opponents away. It features soft memory foam and premium leatherette designed for all-day gaming. Gamers will appreciate HyperX’s passion for its craft, which shows up in quality-of-life features like 90° rotating earcups that make it easy to take a break, or the swivel-to-mute microphone that makes muting your mic simple and obvious. Its swivel-to-mute mic and volume controls are located on the headset, grouping all the most important audio functions right on your head for easy access. The passively noise-cancelling microphone is flexible, so you can precisely position it to give you clear communication with your team.
