Model: LH-ENHANCE-250-5YR

Manufacturer: OPENGEAR

EAN:

Product Code: 1065774

R2,007,545

Lighthouse Software

Visibility Across Your Network Resilience Platform

Lighthouse offers simplified initial setup, scalable management, and secure access to your IT infrastructure. Now with a re-architected UI, it delivers a fresh look and an improved user experience.

Deployed across enterprise data centers, campus, branch, and edge locations, Lighthouse serves as the single point of reference and is the control and convenience center of Opengear’s Network Resilience Platform.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
