

HPE Networking CW 2150 8p 10M/100M/1G 2p SFP 1G 2p SFP+ 1G/10G Switch EU en

Model: S6X56A#ABB

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017821412

Product Code: 1087444

R10,169

The HPE Networking Comware 2150 offers robust performance and versatile features designed to meet the networking needs of various environments. With 8 ports supporting 10/100/1000Base-T and 2 SFP and SFP+ uplinks, this switch ensures efficient connectivity and high-speed data transfer capabilities. The device's advanced Layer 3 switching features include support for Quality of Service (QoS) and both IPv4 and IPv6, enabling seamless network management and enhanced service delivery.

This model supports up to 1500 IPv4 routes and comes equipped with 512 MB of flash memory, making it suitable for dynamic and growth-oriented infrastructures. With a forwarding capacity of 60 Gbps and throughput of 44.6 million packets per second, the HPE 2150 switch ensures minimal latency and reliable communication, critical for demanding enterprise applications. It is designed to

operate in diverse environmental conditions, featuring a wide temperature range and a fanless
