ensures that users get more screen space for an immersive experience.

This laptop is powered by the AMD Ryzen AI 9 processor with 10 cores and a maximum turbo speed of 5 GHz, combined with 32 GB of LPDDR5X RAM that supports smooth multitasking. The 1 TB SSD ensures quick data access and ample storage. Additionally, the dual-array microphone and dual speakers with HP Audio Boost provide a rich audio experience, making it ideal for video calls and streaming. With modern connectivity options such as USB4 and HDMI, the HP OmniBook X Flip also embraces eco-friendliness with its EPEAT Gold certification.
