

LENOVO SE50a- 12 G1 Intel Core 3 100UL 16GB 512GB UMA W11IOTE LTSC 2024 3Y Onsite

Model: 13MS0001MH

Manufacturer: LENOVO

Product Code: 1087874

R44,029

Lenovo ThinkEdge SE50a-12 Gen 1 13MS is an all-in-one edge workstation designed for interactive, space-constrained environments that require reliable performance and secure connectivity. The 12.1-inch IPS LED display with 10-point capacitive touch and high 600 cd/m2 brightness supports clear viewing and responsive touch interaction in varied lighting conditions. The system combines a 6-core Intel Core 3 processor, 16 GB of DDR5 memory, and a 512 GB NVMe SSD to deliver smooth application responsiveness and fast local storage for edge computing tasks. Built-in dual 2.5 Gigabit Ethernet, Wi-Fi 6E, Bluetooth 5.3, and multiple USB and serial I/O ports enable flexible wired and wireless connectivity for industrial networks and peripheral devices. Integrated security features include a discrete TPM 2.0 chip and TCG Opal encrypted storage support, while IP65 front and IP41 rear ratings, VESA mounting support, and an integrated speaker make the unit suitable for kiosk, point-of-sale, and industrial control deployments.
