

LENOVO SE50a- 21 G1 Intel Core 5 120UL 16GB 512GB UMA W11IOTE LTSC 2024 3Y Onsite

Model: 13NC0004MH

Manufacturer: LENOVO

Product Code: 1087876

R49,452

Lenovo ThinkEdge SE50a-21 Gen 1 13NC is an all-in-one PC designed for space-conscious deployments that need an interactive, secure computing platform. The 21.5-inch Full HD IPS display with 10-point capacitive touchscreen and anti-fingerprint surface enables intuitive touch interaction and clear viewing across wide angles. The system pairs a 10-core Intel Core 5 processor with 16 GB of DDR5 memory and a 512 GB NVMe SSD to support responsive multitasking and fast local storage, while integrated Intel Graphics provides shared video memory and DisplayPort-over-USB-C connectivity for external displays. Built-in speakers, dual 2.5 Gigabit Ethernet ports, Wi-Fi 6E, Bluetooth 5.3, discrete TPM 2.0 security, and flexible I/O including multiple USB ports and serial connectivity make this all-in-one suitable for interactive kiosks, point-of-sale, and other edge scenarios where a compact, touch-enabled, and connected system is required.
