Stay up to date

You no longer have to reach for your smartphone every time to check who has texted you. The i28 Ultra smartwatch will instantly inform you of all incoming messages and notifications! What's more, the device is equipped with a speaker and microphone, so it supports Bluetooth calls.

Something for your well-being

Do you want to get to know your body better and gain the ability to react quickly to worrying symptoms? The Colmi i28 Ultra will work for such a situation as well! The smartwatch allows you to measure your heart rate, blood pressure and oxygen saturation, and also offers a sleep monitoring function. It can also act as a menstrual calendar.

Take care of your fitness

The i28 Ultra smartwatch is also an excellent option for those who enjoy sports or are trying to lead an active lifestyle. The device counts steps, calories burned and distances traveled, so you can monitor your progress in real time. You can also choose from a variety of sports modes, such as running, biking, yoga, zumba, archery or weightlifting, for example. You're sure to find something to your liking!

Lots of useful features

This is not the end of the possibilities. The smartwatch also supports a lot of additional functions that you are sure to find useful on a daily basis. Among others, a calculator, timer and stopwatch are available, and you can also check the weather with just a few clicks. What's more, the smartwatch allows you to remotely control the camera and music player of your connected smartphone.

Refined in every detail
